THESE DOCKS are conveniently situated in Yokohama harbour and the attention of Captains and Engineers is respectfully called to the advantages offered for Docking and repairing Vessels and Machinery of every description.

The plant and tools are of recent pattern for dealing quickly and cheaply with work and a large stock of material is always at hand, (plates and angles all being tested by Lloyd's surveyors).

Two powerful Twin Screw Tugs are available for taking Vessels in or out of Dock, and for taking Sailing Vessels in or out of the bay. The floating derrick is capable of lifting 40 tons.

Steam Launches of Steel or Wood, Lighters, Steel Buildings and Roofs, Bridge Work, and all kinds of Machinery are made on the premises.

Tenders will be made up when required and the workmanship and material will be guaranteed.

The cost of Docking, and repair work, will be found to compare favourably with that of any port in the world.

A large mooring basin is available alongside our own works for mooring vessels whilst under repairs.

Gold.—The demand for bar gold from Russia again stiffened, and the price rose on Monday to 77s. 11 1/2d. p. oz. Std. On this basis the arrivals—about a million sterling—were disposed of, chiefly for that country.

Silver.—Determined efforts are being made in India to extend the blessings of irrigation. The Punjab rivers being glacier-fed are perennial channels, but liable to be much reduced in volume during the cold weather, a period when the demand for water is at its highest. It is now proposed to build reservoirs to conserve the flood supplies; this scheme is expected to prove of incalculable value to the arid tract of the Southern Punjab.

We are advised from India that though the up-country demand for silver is small at present, improvement may be expected in about six weeks' time. The India Council allotted the 20 lakhs, offered for tender this week, at 3d. applicants receiving 25 per cent. So good a price is owing partly to improved conditions, but mainly to the smallness of the amount. Next week the amount offered will be increased to 30 lakhs.

The market has been simply the sport of speculation for some time past. It is impossible to gauge the strength of the "bull" or "bear" position, although it seems pretty clear that the effect of the favourable weather in India has been discounted to a very large extent.

The Indian rates for silver have been falling, and covering operations on this side have almost ceased in consequence. The tone is quiet, and business is on a much reduced scale. At the slightly lower price of 23 1/2 on Monday and Tuesday, China came in as a buyer, and the market ruled 1/16 on each following day.

**MEDICAL OFFICER'S REPORT.**

Dr. Herbert Williams' (Medical Officer, of Health for the Port of London) eagerly awaited report on his examination of the Chinese pigs which arrived in this country on July 24, has just been issued. Dr. Williams observes:—

"The importer stated that the pigs had been bred in the country and fed on rice, and the President of the Local Government Board appears to have confirmed this statement by reference to the British Consul at Hankow. The pig carcasses on arrival were found to be very large and fat, and each one had a label attached to it which indicated that it had been subjected to a medical examination at the port of shipment. It has been stated that Chinese pigs are very prone to contract the parasite which gives rise to the condition known as trichinosis. The medical officer adds that he selected two pigs at random, and after examination found nothing indicative of trichinosis. At the time of arrival the refrigerating stores of the sanitary authority were unusually full of meat, and as it was impossible to keep the carcasses on the ship, they were allowed to be taken to the importers' refrigerating stores, on a signed undertaking being given that the pigs would not be removed until they had been examined by the medical officer of health, and permission given in writing to do so."

The probable development of the Chinese-English provision trade is the subject of an American Consul report from Hankow. The cargo of the first steamer laden with Chinese provisions was made up as follows:—Wild fowl, 47,000; snipe, 4,312; pheasants, 15,151; deer, 2,245; hares, 3,310; geese, 4,533; chickens, 26,502; domestic ducks, 2,736; geese, 1,121; eggs, 21,048 cases. The eggs were broken into tins and then frozen, two tins in a case, each tin weighing 38 lbs. The Chinese prices for these provisions are extremely low compared with the English wholesale and retail prices.

## BOXING AT THE CITY HALL.

## SATURDAY NIGHT'S CONTESTS.

The Theatre Royal was crowded on Saturday night, with lovers of the noble art of self defence. Some of the bouts put up were of a high standard, but the constant clinching which was indulged in by some of the contestants was a source of keen disappointment to those who would have preferred to see a cleaner exhibition. Mr. R. H. Whitaker, as usual, was responsible for the arrangements. Mr. Jack Deveney acted as referee, while Messrs. Kelly and Bond were the time-keepers. Colonel Bob Love found himself in the happy capacity of announcer.

The main event was a twenty-five three-minute round contest between Bill Lewis, 138 lbs., and Tim Coleman, 141 lbs., of the U.S.S. "Blent." Coleman was "no match for Lewis," who out-generalized his opponent. In the first few rounds, Coleman's style was characterized by constant rushes at his opponent, from which, however, nothing availed, Lewis did all the pitting but to the credit of Coleman he said that he proved one of those pugilistic marvels whose ability to stand blows of full-driving force exceeds their scientific skill. When the thirteenth round was reached, Coleman threw up the sponge to his formidable opponent. The fight was throughout a one-sided affair.

Another interesting exhibition was that between Gunners Arundel and Bedbrook, both of the R.G.A. The rounds provided an admirable example of fast boxing, both men having evidently measured each other. Arundel's last use of his left proved too much for Bedbrook, and at the conclusion of the eleventh round, Arundel was declared the winner.

One other fight, if it can be called, worth mentioning was that between Bandsman Willis, of the Buffs, and Bill Romeo, of the U.S.S. "Helen." Time and again the Yankee hugged his opponent and the audience must have felt considerably relieved when the fight came to a finish and Willis was announced the winner.

During the evening, a number of challenges were issued.

## DISAPPEARANCE OF AN ENGINEER.

The following clipping is from the N. C. D. News of 21st Oct.—When the C. M. S. "Kiangfoo" arrived here on Tuesday from Hankow, her master, Captain Carlson, reported that the third engineer (Mr. Angus Mackenzie) had disappeared whilst the vessel was between Chinkiang and Nanking. When the ship left Chinkiang on October 12, at 7.35 a.m., Mr. Mackenzie was on watch. Shortly after four a.m. the chief engineer entered the engine room, and found it empty. From his inquiries he learnt that Mr. Mackenzie had left at about 3.45 to go on deck. The ship was searched thoroughly, but no trace of the missing man could be obtained. From interrogations it was learnt from a Chinese passenger that Mr. Mackenzie had gone on deck and walked towards the ship's side. A few minutes after reaching the rail, he saw the engineer suddenly throw up his arms and fall overboard. At about that time it was calculated that the ship was about fifteen miles above Chinkiang, near Eching. Immediately on arrival at 7.30 the same morning, Captain Carlson dispatched a letter to the Company's agents at Chinkiang informing them of the incident. A diligent search was made in the vicinity where the man is said to have gone overboard, but the search proved futile. It was stated that the deceased had recently received news to the effect that his brother was ill, and in his cabin was found a Sydney (N.S.W.) newspaper from which a clipping had been made, but the clipping could not be found. Mr. Mackenzie, who was a native of Sydney, Australia, was only 23 years old. He learnt his trade at Mort's Dock and Engineering Co., Ltd., Balmain. For a while he was fifth engineer on the E. & A. S. "Eastern," which plies between Sydney and the Far East. He left that vessel last year and joined the C.M.S. "Kiangfoo." He was said to be very quiet and steady. His father was a well-known lawyer near Sydney.

My 34 years' experience in tattooing is a guarantee of good work and prompt execution. My colours are absolutely fast and perfectly harmless, and produce a charming effect not attained by any other, as their composition is only known to me. In tattooing unlike some species of engravings, care must be taken to have the work done in a perfect, high-toned manner. In order to take special precaution against possible dangers, I use fresh materials daily.

## THE WORRIED WOMEN.

They say men must work and women must weep; but alas, in this too busy world women often have to work and weep at the same time. Their holidays are too few and their work heavy and monotonous. It makes them nervous and irritable. The depressed and worried woman loses her appetite and grows thin and feeble. Once in a while she has spells of palpitation and has to lie up for a day or two. If some disease like influenza or malarial fever happens to prevail she is almost certain to have an attack of it, and that often paves the way for chronic troubles of the throat, lungs and other organs; and there is no saying what the end may be. Let the tired and overladen woman rest as much as possible; and, above all, place at her command a bottle of

a true and sure remedy for the ills and maladies of women. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Search the world over and you will find nothing to equal it. Taken before meals it improves the nutritive value of ordinary foods by making them easier to assimilate, and has carried hope and good cheer into thousands of darkened homes. It is effective from the first dose, and probably one bottle is all you may need. It is absolutely reliable and effective in Blood Impurities, Nervous Dyspepsia, Wasting Conditions, Melancholy, Chlorosis, Impaired Nutrition, Scrofula, Low Vitality, and all troubles of the Throat and Lungs. Dr. E. J. Boyce says: "I have found it a preparation of great merit. In a recent case a patient gained nearly twenty pounds in two months' treatment, in which it was the principal remedial agent." It carries the guarantee of reliability and cannot fail or disappoint you. Why accept a substitute? Sold by all chemists.

## THE RED HAND AT HARBIN.

The distasteful outrage reported in our special telegram to-day of the assassination of Prince Ito, of Japan, at Harbin, by a Korean, will be learnt with horror and regret by the entire civilized world. The alleged grievance of the Koreans against the Japanese cannot be expected to be redressed by any such violent methods as that resorted to by the murderer to accomplish his foul end. Prince Ito, started from Tokio on a peaceful tour in Manchuria on the 14th inst., in referring to which, on the eve of his departure, His Highness laid emphasis upon the private character of the journey. His tour, he said, would extend as far as Harbin and he might also pay a visit to Vladivostok. It was contemplated that Prince Ito would meet M. Kokotoff, the Russian Minister of Finance, at Harbin; but the meeting was to have no political bearing. On the 15th inst., Prince Ito arrived at Tairen. He had arranged to be at Mukden on the 22nd inst. and at Harbin on the 26th. So that his arrival at the latter city must have taken place this morning. The tragical ending of Prince Ito's tour cannot fail to elicit the deepest sympathy with Japan in the loss of a statesman of the administrative ability and rare worth of His Highness, whose work as resident-general in the land which gave birth to the hand of the assassin will live as the best monument to the undying fame of one of the greatest men of the time in Japan. We do no more on this occasion than record our sincerest sympathy with Japan in her irreparable loss and refrain from further comments until full particulars of the tragedy reach us from Japan. Meanwhile it may be useful to present the record of Prince Ito's career as printed in *Who's Who in the Far East*. It reads:—

Ito, Marquis Hirobumi (Seoul), Japanese Resident General of Korea; b. Sept. 2, 1841. Escaped to England with Count Inoue in days of last Shogun, and took part on Imperial side during war which led to Restoration; appointed Governor of Hyogo at end of war; sent to Europe, 1871, with special embassy for revision of treaties; is responsible for existing Japanese banking regulations; was Minister of Works, 1878, after proclamation of 1881, announcing inauguration of representative government; 10 years later was despatched to Europe and America to gather material to frame Constitution for Japan; was founder of present system of Government in Japan; despatched to China and concluded Tientsin Treaty with late Li Hung Chang, 1885; Prime Minister of Japan, 1888; upon inauguration of Constitutional Government was President of House of Peers; concluded Treaty of Shimonoseki with late Li Hung Chang; established present system of peerage in Japan; appointed President of Privy Council; visited England with Prince Arisugawa to attend late Queen's Diamond Jubilee; has been Prime Minister on five occasions, and has filled almost every portfolio of State; cr. Marquis, 1895; appointed Resident General of Korea, 1905; made Privy Councillor of Korea, Feb. 1906. Decorations: The Grand Cordon of Japan, etc. Address: Residency General, Seoul, Korea.

## LOCAL AND GENERAL.

SIR Henry S. Berkeley has returned to the Colony by the *Yawel Marm*, after a trip to Japan.

CAPTAIN W. Loring, R.G.A., who served with the Heavy Brigade at Plymouth, has been appointed to No. 83 Co. at Hongkong.

Major G. J. Morris, R.E., Inspector of Works for Engineer Services, Scottish Command, has been selected for duty at Hongkong.

USCROW S. F. Dudley has been appointed to the river boat *Sandpiper* in relief of Surgeon J. M. Holmes, who has been three years aboard her.

THE boxing bouts for the V.R.O. championships, which were arranged to take place on Friday, 29th, and Saturday 30th inst., have been postponed until further notice.

In the Supreme Court to-day, the five Chinese who were charged with the alleged murder of an eating-house coolie were discharged, a verdict of not guilty having been returned by the jury. Mr. Eldon Potter defended.

KING Manuel received in audience on 22nd ult. the Chinese Minister at Lisbon, who expressed the thanks of the Chinese Government for the presence of a Portuguese representative at the funeral of the late Emperor and the Dowager Empress.

It is understood that Japan is approaching China with a view to participating in the construction of the Chinkiang-Ninghai railway, and for the laying of a line to connect the Tientsin line with a point on the South Manchuria Railway.

## Macao's Delimitation.

INDIGNATION MEETING AT CANTON.

COMMISSIONER KO'S SUPERSESSION URGED.

[From Our Own Correspondent.]

Canton, 25th October.  
In my letter of the 23rd inst. I forwarded you a translation of the circular which had been issued by the Canton Self-Government Society convening an indignation meeting for the 24th inst. The meeting was to discuss matters in connection with the Macao Delimitation question. The meeting was duly held yesterday (Sunday) at the office of the Canton Self-Government Society at the Wah Lum monastery. The meeting was called for 2 p.m. Before the clock struck one all the seats in the meeting hall were occupied, so that many people who came after that hour had to stand and many others could not even secure admission into the hall, there being not so much as standing room available. Those present at the meeting could not have numbered less than three thousand. Chan Chung Kwei and Chin Wai Po were elected chairman and vice-chairman, respectively, and Lo Shin Ngao acted as secretary. Speeches were delivered by several members of the Society on the question of the Macao delimitation, and the recent convention concluded between China and Japan concerning Manchuria. The speeches were punctuated with inflammatory observations directed against the Portuguese and the Japanese. All the addresses were intensely followed by the meeting who evinced considerable interest in the proceedings and whose emotion was aroused by the remarks of the speakers.

All the letters and telegrams received by the Society were read at the meeting to the assembly. The people were also informed of the manner in which the people of the Heungshan district are contemplating the recruiting of a volunteer militia against the Portuguese. The representative of the Heungshan district, Yeung Sui Cho, then produced a map and pointed out to the meeting the land which is alleged to have been encroached upon by the Portuguese, and also other places that the Portuguese are said to claim at Chioshan.

After considerable discussion as to the alleged unsatisfactory manner in which the Chinese Delimitation Commissioner, H.E. Ko Yu Him, is, in the opinion of the meeting, conducting the negotiations by not exhibiting sufficient determination in opposing the Portuguese claims, thus leading to the loss of Chinese territorial rights, the meeting resolved to mark its sense of disapprobation of the Commissioner's action.

As regards the agitation that has been aroused among the people of Heungshan, who propose to organise a volunteer militia against the Portuguese, it is feared that the result of the proposed action might lead to serious consequences. It was agreed, therefore, to select a number of the members of the Society to proceed forthwith to Heungshan to deliver lectures warning the villagers against creating any disturbance. For this purpose, Chan Wai Po, Tam Shiu Po, Kung Tso Tin and Li Shiu Keng were selected by the meeting to give effect to the motion adopted by the meeting.

It was also resolved that telegrams should be forwarded to the Chinese residing in foreign countries to invoke their co-operation, and that a joint telegram should also be addressed to the Imperial Government asking it to appoint another special High Commissioner to conduct negotiations with the Portuguese on the Macao delimitation question in supersession of H.E. Ko Yu Him.

Ng Sao Ning suggested that they should also take the opportunity of laying the matter before the newly-formed Canton Provincial Assembly for discussion and to ask the Assembly for its views as to the best course to adopt to arrive at a solution of the case.

After the above resolutions were unanimously passed the letters and telegrams received by the Society concerning the Three Eastern Provinces were also read for the information of the people. Most of these communications were couched in inflammatory language inciting the people to maintain the boycott movement.

CAPTAIN L. Roselofsky, of the North German Lloyd s.s. *Kohlschlag*, employed in the East Asiatic coasting service, has received from the English Board of Trade a silver tea-pot, suitably inscribed, in recognition of the help rendered to the shipwrecked crew of the *Charterhouse*.

CAPTAIN C. W. Gordon has been appointed adjutant of the 3rd Northumberland Fusiliers, of which his father was formerly inspecting officer. He joined his father's old regiment—1st West Yorkshires—in 1895, and served with the corps in Hongkong, Singapore, and Bombay. He also did duty with the Chinese Regiment in Wei-hai-wei, and in 1902 was specially promoted to a company in the Northumberland Fusiliers.

ACCORDING to a Chinese dispatch the Navy Commissioners have decided that an initial fund of Tls. 1,500,000 should be appropriated for construction of naval stations, schools and armories. Three cruisers, first, second and third class respectively, two training ships, two torpedo-boats and one gun-boat will be ordered; these would require the sum of Tls. 16,000,000, to be expended in four years. In addition to this, an annual fund of Tls. 2,000,000 would be necessary and the Commissioners have asked that the Ministry of Finance be ordered to provide these amounts. The Ministry has replied to the Throne that in spite of all its efforts it has not been able to raise the necessary amount in full, and it asks that the Commissioners be commanded to reduce their demands as much as circumstances permit. The Ministry and the provinces together have only been able to raise about Tls. 16,000,000 for the initial fund.

## KOWLOON DOCK.

ANOTHER LIGHTER FOR MANILA.

The U.S.N. Co.'s s.s. *Yachway*, which has just left for Manila, has taken in tow a wooden lighter for the Chief Quartermaster's Department in the Philippines. The dimensions of the lighter are—60 ft. by 20 ft. by 9 ft. This is the third lighter completed by the Hongkong and Whampoa Dock Co., Ltd., for the U.S. Government at Manila, out of the contract they secured by public tender a couple of months ago. The other two lighters already delivered were of steel and wood, respectively.

## THE DES VŒUX ROAD ROBBERY.

TEN PRISONERS REMANDED.

At the Magistrate's Court this morning, before Mr. F. A. Hazeland (First Magistrate) ten Chinese were arraigned on charges of armed robbery at 255, Des Vœux Road, West and wounding with intent to murder. A woman also appeared in the dock on a charge of having received stolen goods. Five of the prisoners pleaded guilty to the charge of armed robbery but to the charge of wounding with intent to murder. The remaining four men pleaded guilty to both the charges, while the woman made a statement to the effect that she was only watching and had nothing to do with the matter.

It may be remembered that shortly before eight o'clock on Friday evening, a number of men entered No. 255, Des Vœux Road West, which is a "mat-dealer's" establishment, and after having bound a number of *fokis*, a visitor and the master of the shop, they opened a safe from which they extracted \$1,000 in money and after having appropriated further goods valued at \$250, the ruffianly characters decamped. Full particulars of the outrage appeared at the time in the *Hongkong Telegraph*, which was the first to give the news of the sensational occurrence.

It now appears that one of the *fokis* employed in the establishment was the sole originator of the outrage. It seems that shortly before the robbery was committed, he invited three of the principal *fokis* to an opium dion, to which the unsuspecting ones consented, and this fact doubtless accounts for the ease with which the shop people were overpowered by the desperadoes. The *fokis* was shortly afterwards arrested and was one of the prisoners who appeared before Mr. Hazeland this morning.

Mr. Hazeland remanded the case for a week. Prisoners were immediately taken to the Detective Department, where their fingerprints were taken. Jam tarts were then served out to the prisoners, but the woman refused to touch the delicacies and fell into hysterics.

Great credit is due to Inspector Robertson and his *piece* of detectives for the smart manner in which the capture of the prisoners was effected. The robbery was committed on Friday evening and by noon on the following day (Saturday) all the ten prisoners were successfully tracked, the work of the Police being rendered still more difficult owing to the fact that absolutely no clue was provided the Police. Five of the men were arrested at No. 14, Square Street while three were run to earth at Yau-ma-tei. Two more men who are alleged to be concerned in the affair are still wanted. Some of the missing articles have been recovered but the bulk of the stolen goods has not yet been traced.

## TUNG WA HOSPITAL.

APPLICATION TO RE-OPEN WALL.

At the meeting of the Sanitary Board, this afternoon, an application by Messrs. Denison, Ram and Gibbs on behalf of the Tung Wa Hospital was considered. The letter was to the following terms:—On behalf of the committee of the Tung Wa Hospital, we request permission to re-open a wall in the premises of the hospital in the position marked in red on the tracing sent herewith. The wall is not required for domestic purposes but for supplying water to a lavatory.

Mr. A. Shilton Hooper moved:—Grant. The Hon. Mr. E. A. Hewitt:—As I understand we have now an ample water supply, I consider no old walls should be re-opened.

The Hon. Director of Public Works:—I think permission for this might be re-considered in view of probable constant supply to the town being reverted to in a few days' time, unless it is for the supply to W.C.s.

## MANILA SMUGGLING CASE.

PLEA FOR LENIENCY.

The *Manila Times*, of 18th October, says:—This morning in the Court of First Instance, when the closing scene in the famous Grant-Kennedy smuggling case was enacted, Charles C. Cohn, representing Louis T. Grant, who on his sick-bed yesterday admitted his part in the crime, made an eloquent plea on behalf of his client, saying that in a moment of weakness Grant had fallen, but his subsequent admission of the crime was an act of contrition which did not merit the severe penalty of the law.

After taking the testimony of the defendant Grant, at his bedside yesterday, arguments of both the prosecution and the defence were heard before Judge Lobangier yesterday afternoon, and this morning the court heard Mr. Cohn, who had before the trial begun and when Grant pleaded guilty, stated that he desired to say something on behalf of his client before the court passed sentence upon him.

After the customary salutation to the court, Mr. Cohn said, in reviewing the facts, that Grant had acknowledged his crime and had furnished evidence to the government which undoubtedly would convict Kennedy and for this reason Grant should be granted leniency by the court.

Mr. Cohn contended that the fact that Grant had, in the first instance, concealed some of the facts, did not add to his culpability in connection with the crime charged. With reference to the discrepancy in the first declaration of Grant and his later admission of his part in the crime, Mr. Cohn insisted that if Grant had committed any act as a witness which the court regarded as deserving of punishment, it ought to be inflicted against him as a witness and not as a co-defendant.

In asking for leniency of the court for his client, Mr. Cohn said that Grant, in a moment of weakness, had yielded to temptation which was offered him by Kennedy, and that in this he had acted wrongly, but he did not think that he deserved the same punishment as a man who had coolly and deliberately planned the commission of a crime. He said he did not censure the prosecuting attorney for not making a recommendation of clemency to the court on behalf of Grant, in view of the fact that the defendant had not told him the whole truth and had concealed some of the facts in connection with the case, but he did believe that the prosecuting attorney had allowed his aversion for Grant as a witness to obscure some of his claims to leniency as a defendant, and that he had permitted his feelings to betray him into stating to the court that in his opinion both defendants were equally guilty.

The arguments of both the prosecution and the defence yesterday were brief. Judge Southworth, who conducted the prosecution throughout, opened the argument for the prosecution, and briefly reviewed the facts and stated the position of the prosecution, as published yesterday in the *Times*, adding that while he himself, on account of having been intimately connected with the prosecution, did not care to make any recommendation as to the penalty to be imposed upon the defendants.

Mr. George, the prosecuting attorney, was present throughout the trial and was conversant with the facts in the case, and could undoubtedly make a more unbiased recommendation as to the penalty.

Mr. George asked that Kennedy be found guilty of the crime alleged, and that both he and Grant be punished equally, and recommended imprisonment for both for not less than one year.

Judge Waite and Mr. O'Brien, counsel for Kennedy, reviewed the facts and in a strong plea to the court on behalf of their client, asked that he be acquitted of the charge.

Decision was reserved.

PRINCE ITO ASSASSINATED.

DASTARDEY OUTRAGE AT

HARBIN.

[From Our Own Correspondent.]

Shanghai, 26th October, 12.40 p.m.

A Korean assassinated Prince Ito at Harbin to-day.

The assassin also wounded the Japanese Consul and the Manager of the South Manchuria Railway.

[On inquiry at the Japanese Consulate, Mr. T. Funaike kindly informed our representative that he had received no official information of the very distressing news contained in the above telegram.

The Japanese Consul at Harbin is Mr. T. Kawakami.—Ed. H.K.T.]

## SON A WAN'S EXTRADITION.

APPLICATION FOR COSTS.

The Chief Justice (Sir Francis Pigott) delivered judgment yesterday afternoon as to costs in the case in which a native named Son A Wan was concerned some time ago in extradition proceedings at the request of the Chinese Government for an armed robbery committed in China. It may be remembered that prisoner was several times released and re-arrested and finally, on the 14th September last, a motion was moved before the Chief Justice for prisoner's release on the ground of certain irregularities in the proceedings, which was allowed by the Chief Justice.

Mr. Eldon Potter appeared for the applicant. His Lordship said:—I reserved the question of costs of the application for the *habeas corpus*, allowing the point to be argued in Chambers, whether the prisoner having been successful should get his costs or not. It was argued strenuously that if a prisoner has derived no substantial advantage from the success of his application, that is to say, if he has not definitely obtained his liberty, then he is not entitled to his costs. He must be content with having obtained a decision from the Court on an interesting point of law from other causes which he should have foreseen he has not obtained his liberty. And here it was said that Son A Wan was immediately after his release re-arrested, so that his success on the motion has brought him no liberty. I agree with the general proposition. If, for example, there was another warrant unexecuted which the prisoner knew of, so that he must have known he would be re-arrested when he stepped out of prison, then I should certainly not give him his costs. But in Chambers I was informed that he was arrested on a third and entirely new warrant, and that steps were taken to obtain the warrant immediately the rule nisi for the *habeas corpus* was granted. I cannot hold that the prisoner could or ought to have known that this would have been done; I cannot hold otherwise than that the prisoner expected to obtain his liberty if the rule nisi were made absolute. And I am of opinion that he legitimately expected this, and therefore that he does not fall within the principle as I have stated it above; and therefore that he must have his costs. But there is something about these proceedings which I cannot understand, and as it is intimately connected with the conclusion I have come to, I am bound to notice it. What does it mean, that so soon as the rule nisi was granted preparations were made for the issue of another warrant? The Crown Solicitor informs me that the duly accredited representative of the Chinese Government was informed of the grant of the rule nisi on 11th September, and that on the 12th he requested him to apply for another warrant for an entirely new offence. It was also armed robbery, but it was committed at a different date, in a different locality. I am anxious to say nothing which should hamper the Chinese Government in their endeavours to obtain the extradition of notorious criminals; but at the same time the law of extradition must not be perverted from its proper use. If it is not stringent enough this Government must be asked to amend it. The man was first charged with having committed an offence on 30th October, 1908, and the Magistrate was not satisfied as to the identification. He was secondly charged with another offence committed on 12th May, 1908; on this the Magistrate was satisfied, and the prisoner was committed to await extradition. This was set aside by the decision of the Court on the *habeas corpus* rule for irregularities. He is then re-arrested within 6 days on another charge for an offence committed in another locality on 27th July, 1908. There seems to be something wanting in this procedure. But I shall say no more than this—where there apparently is a succession of applications for warrants, as in this case, a Magistrate ought to be exceedingly careful in issuing his provisional warrant under a *habeas corpus* rule, and to be quite certain that he would have issued a warrant in the same circumstances if the crime had been committed in the Colony.

Mr. Potter, then, covers his costs. We also get the costs of our application to Chambers. His Lordship said:—

## CHINESE COMMISSIONER'S DEMENTIE.

(By courtesy of the "Sheung Po.")

Peking, 25th October.

H.F. Ko Yu-him, Macao Delimitation Commissioner, has wired to the Waiwupu stating that he is negotiating in an amicable manner with the Portuguese Commissioner regarding the delimitation of the boundaries of Macao.

He asked the Waiwupu not to give credence to the rumour that Portugal will break off friendly relations with China.

Later.

The attitude of the Ministers of the Waiwupu towards the Macao boundary question is that it should be amicably concluded.

## HARMSTON'S CIRCUS.

After last night's postponement of the performance on account of the inclemency of the weather, Harmston's Circus will re-open to-night, when an excellent programme is promised. In view of the fact that the Harmston-Love trio take their benefit to-night, the tent at Kennedy Town should be filled to overflowing on this occasion, for one of the most delightful features of the Circus has undoubtedly been the daring and graceful exhibitions of horsemanship by the clever trio, which have won the admiration of visitors to the up-to-date place of entertainment. The last matinee, which was to have taken place this afternoon, has been postponed until to-morrow, and in the evening the stay of the Circus in the Colony, which has unfortunately been marred by the peregrinations of our annual dreaded visitor, will be brought to a close by a benefit performance to Mrs. Harmston-Love under the distinguished patronage of Commodore and Miss Lyon. A sensational event takes place in the shape of a daring exhibition by a well-known local gentleman, who will drive two full-grown tigers harnessed to a chariot. This alone should suffice to bring the whole of Chinatown to the spacious tent at Kennedy Town.

## NORTH CHINA INSURANCE COMPANY, LIMITED.

## ANNUAL MEETING.

The sixth annual general meeting of the above-named company was held at their offices at Shanghai, on 19th inst. There were present Messrs. W. D. Little (Chairman), H. De Gray, A. Hilde, J. N. J. Jameson, A. McLeod and W. Meyerink (directors), Messrs. J. M. Young, C. M. Bale, A. C. Hunter, C. W. Wrightson, J. Sampson, G. E. Burgeyns, Qiu Sang, and Chu Chiagou (shareholders) and Mr. H. G. Sims (secretary), representing 730 shares.

The Chairman said, there being a quorum present, he would call on the secretary to read the notice convening the meeting.

The secretary having complied, The Chairman said:—The report and statement of accounts for 1908 having been in your hands for some time, with your permission we will take them as read. The business before the meeting is: The passing of the report and accounts; the declaration of a final dividend and bonus to contributors; the placing of £15,000 out of the year's working account to underwriting reserve, closing the account for 1908; the election of directors and auditors for the next working year. The wisdom of continuing to build up our reserve, you will, I am sure, approve of, as in the best interests of shareholders and policy holders alike.

The chief feature of 1908 working was restricted trade which has naturally had its effect on our gross income. Our expenditure is somewhat higher owing to some changes in the staff, and the allowances made to retiring officers, which we debited direct to working account. On the other hand, our losses are well below those for 1907. Trade during 1909 having improved in some directions, our premium income has so far shown an increase over the same period in 1908.

For some time past there has been a good deal of talk with reference to improving rates, and although I cannot say that our figures have so benefited, there is a more hopeful feeling, and underwriters, so I am informed, are more inclined to work together and hold out for fair rates. It is to be sincerely hoped that some practical results in this direction will follow in the near future.

There being no questions the following resolutions were proposed, seconded and carried unanimously:—

That the report and accounts as now presented be accepted and passed.

Proposed by:—Mr. W. D. Little.

Seconded by:—Mr. De Gray.

That a final dividend of 7 1/2 per cent on the paid-up capital, and a bonus of 15 per cent upon contributory premiums be distributed, both payable at 1/10 of 2/3 15/16 per Tael.

Tails 75,000 to be transferred to Silver Reserve Fund, and the balance transferred to underwriting reserve account, closing the account for 1908.

Proposed by:—Mr. W. D. Little.

Seconded by:—Mr. McLeod.

That Messrs. Little, Jameson, McLeod, De Gray, Hilde, and Meyerink, be re-elected directors of the company and that the remuneration of the directors be Tails Six Thousand per annum.

Proposed by:—Mr. J. M. Young.

Seconded by:—Mr. Bale.

That Messrs. Wrightson and Hayter be re-elected auditors of the company.

Proposed by:—Mr. Hunter.

Seconded by:—Mr. Wrightson.

The Chairman said this concluded the business of the meeting. Dividend warrants would be posted on Wednesday. He thanked all present for their attendance.

Mr. Sampson proposed that a hearty vote of thanks be accorded to Mr. Sims, their secretary, which he deserved, having had an uphill fight in bringing the company to its present position. The motion was carried with acclamation.

Mr. Sims returned thanks on behalf of the staff and himself.

This brought the proceedings to a close.

## THE SUPPRESSION OF THE KOREAN INSURGENTS.

The Seoul Press translates a statement made by Major Umeda, Adjutant of the Japanese troops who are now engaged in the suppression of insurgents in South Korea, as follows:—After the completion of arrangements for the suppression of insurgents in South Korea at the end of August last, the Japanese troops led by Major-General Watanabe started for South and North Cholla to discharge their duties in the beginning of September. By co-operation on the one hand with the gendarmes, police forces, and provincial authorities on land and on the other assisted by a torpedo-boat flotilla on the sea, the troops are now vigorously engaged in the attainment of their object. According to the reports received at the headquarters up to the 20th of September, the total number of insurgents killed or captured by the troops was more than 600. Not a few leaders with their followers have also surrendered, the most prominent being Kwang Sill. Two other well-known leaders who were made prisoners are Yan Simyong and An Keihong. Since then about two hundred followers of these leaders have surrendered to the authorities at Pok-naichang, Posong and Changheung. It is a matter of great gratification that the troops are thus attaining their object without shedding much blood. It is especially a source of congratulation that Koreans, who never before opened their mouths to tell the whereabouts of insurgents, are now quite ready to give reports concerning them, while instances are not rare in which they have persuaded the insurgents to surrender. This peace and order in the province are being fast restored, though some remnants of the insurgents still occasionally make their appearance here and there. But these few so-called insurgents are no more than ordinary robbers and Korea is not the only country having these wicked men. Our troops, however, will continuously carry on the work entrusted to them until it is fully accomplished. It will not be long before South Korea will be in the enjoyment of peace and order.

## VOLUNTEER TRAINING.

Although it has been said that Lord Kitchener, during his tenure of command in India, was singularly unsympathetic towards the Volunteer movement, and although it is certainly true that he was unwilling to spend money upon it, one of his last public acts was to issue an Army Circular which ought to be welcomed by every volunteer in India, writes the *Englishman*. Our Calcutta contemporary, in a leading article, says that the circular does very clearly the duties which are to be expected from volunteers, and how they are to be trained for them. One would have thought that these obvious necessities would have been provided for long ago, but as a matter of fact, although orders have been issued from time to time pointing out the value of this or that "cannon of Infantry Drill" or "Combined Training," volunteers have been left very much to themselves, with the result that the force in India, as a whole, has been condemned as inefficient. There is the hope, however, that if the instructions contained in Lord Kitchener's last order are faithfully carried out, Indian volunteers will come to take a real definite place as a factor in the defence of the Empire. The Army Circular lays down that the two important subjects to be taken up by all, except corps which have a special or technical role, are musketry and all the duties generally of practical as divorced from what may be styled "ceremonial" soldiering. These subjects, says the Circular, "will certainly interest the men more than learning such things as the Manual Exercise, and so on, at which they can never excel and which are of very doubtful use to them. Volunteers should be taught to look on themselves as experts in their own line, and in most of the subjects detailed above they may reasonably hope to compete with the regular army. One does not see in the above any want of sympathy with the volunteers. Indeed, the words we have quoted, coming, moreover as they do, from the foremost of living British soldiers, contain in a sentence more real encouragement than would be found in a volume full of phrases of admiration and meaning nothing. This is the first time, we imagine, that Indian volunteers have been told that they ought to look upon themselves as "experts" and that in some directions they may "reasonably hope" to compete with the regulars. Sir O'Moore Creagh, judging from his past utterances, is hardly likely to be less sympathetic than Lord Kitchener, and all the indications are that in the future, so far as the Army Department is concerned, Indian volunteers will receive practical and ready support. But it is obvious, that in return they must do what is expected of them. Some Commanding Officers, we are glad to see, have reproduced in regimental orders the whole of the Circular, thus indicating the attitude they are prepared to adopt, but it has yet to be seen whether volunteer officers as a body, or even the rank and file as a whole, are prepared to discard the more showy and spectacular side of soldiering. There is a type of mind which is fascinated by precision, and many officers would rather have their men do the "present arms" correctly than know all about the defence of buildings. "Quarter column on number one" is of more importance to them than trenches and earthworks. Such men are accustomed to confuse drill with discipline, and as it is, after all, from the Commanding Officer that the Corps takes its tone, the majority of the units in the Volunteer Force devote practically all their time to ceremonial parade. A battalion is hardly ever collected together for any other purpose than to practice spectacular manoeuvres.

It unfortunately happens that the outside public judge of the efficiency of a corps by its success in ceremonial drill. Calcutta is the largest volunteer centre in India, and once a year Calcutta units have to parade with the regulars upon an occasion when the Viceroy and all the fashion are present and passing judgment. It is not in human nature to disregard the unkindly comment that is often passed upon the volunteer units on Proclamation Parade days, and hence every year volunteer officers are tempted to devote all their energies to smartening up their men for this occasion, and both companies and battalions spend valuable hours in learning how to "march past." Indeed, the perfect "march past" is the ideal of far too many corps in India. They can never attain it, for the reason that there were always individuals in the ranks who, through lack of training, spoil the regularity of the line. In the meanwhile practical volunteering stuffs, and Inspecting Officers, who draw conclusions from other things besides ceremonial parades and manual exercises, go away with a smile. Now the new Circular distinctly tells volunteers what they ought to learn. The volunteer season is just about to open. It remains to be seen how many corps will follow both the letter and the spirit of the order.

## THE WEATHER.

The following report is from Mr. F. G. Figg, Director of the Hongkong Observatory:—On the 26th at 6 a.m.—Black Ball hoisted. At 12.10 p.m.—The typhoon reached the coast, probably about half way between Macao and Kwong-chau-wan, near six o'clock this morning. The barometer is rising in Hongkong, while it has fallen slightly in Tongking. Pressure has given way rapidly over W. Japan, a depression which passed over the E. coast of China last night, having approached the neighbourhood of Korea Straits. The highest pressure is shown over E. Japan, Hongkong Rainfall for the 24 hours ending at 10 a.m. to-day, 2.44 inches.

FORECAST.  
1.—Hongkong and Neighbourhood, S. winds, moderating; weather improving.  
2.—Formosa Channel, N.E. winds, light to moderate.  
3.—South coast of China between Hongkong and Lamouck, S.E. and E. winds, fresh.  
4.—South coast of China between Hongkong and Hainan, S.E. winds, gale.

## DESTRUCTION IN SUNNING.

## OFFICIAL REPORTS.

(From Our Own Correspondent.)

Canton, 25th October.

Official reports have now reached Canton from several districts on the damage sustained by the recent typhoon. It is learnt that about twenty buildings collapsed in the trade mart of Kung Yick Faw, and about three hundred in the district of Sunning. The number of lives lost and injured in the district, so far as it has been possible to ascertain, is believed to be quite one hundred, but the casualty list is still incomplete. In the district of Tung Oo, all the plains were inundated, and in some places the water rose to a level of over ten feet. A great number of houses either collapsed or sustained damage. Many bridges were destroyed, especially the big Tung Fung bridge in the district city. All paddy fields were submerged and numerous sufferers are now awaiting relief. In Tang Lung Chow, in the district of Heung-shue, the embankments were broken in many places, and many lives lost by the inundation. The sufferers are now left homeless. The fishing fleets suffered most. In the district of Yan Ping most places were badly flooded and some buildings in the low lands were washed away. The newly founded Heungchow city, near Macao, also suffered great damage during the recent typhoon; all the mainroads of the workmen were blown down, and some buildings which were in course of construction collapsed. Following these reports of the disaster, letters have been received from the affected districts by the Canton officials and the Central Relief Committee asking for assistance to relieve the poor sufferers. During the past few days the Relief Committee in Canton has been busily engaged in the work of preparing foodstuffs and provisions to be sent by launch one after another to the flooded districts for the relief of the unfortunate victims.

The steamer *Robert Lehardy*, on her way to Wuchow, rescued four persons from a sampan in Samahoi, which had capsized during the typhoon on the 20th instant.

## LEGISLATIVE COUNCIL.

## QUESTIONS BY MR. HEWETT.

A meeting of the Legislative Council will be held on Thursday next, at 2.30 p.m. Following is the agenda:—

Financial Minutes (Nos. 47 to 49)

Resolution under Section 6 of the Liquor Licences Extension Ordinance, 1908.

Hon. Mr. E. A. Hewett will ask:—

As it is understood that Mr. A. Carter, Secretary, Surveyor, has been retired from the Government service, will the Honourable the Colonial Secretary inform the Council when this official first received notice as to his being pensioned?

Is it not a fact that Mr. Carter was at home on leave for nearly a twelvemonth in the full belief that he was to return to this Colony and that within five weeks of the date of the expiry of his leave (as shown in the Civil Service List) and when he was on the point of leaving England to take up his appointment here he was for the first time informed by the Colonial Office that his services were no longer required? Will the Government, taking into consideration the fact of Mr. Carter's good service, and that owing to his age he is now no longer eligible for obtaining fresh employment in a Government or municipal office, recommend to the Secretary of State that under the exceptional circumstances of the case Mr. Carter be granted a special pension of say £150 p.a. or as an alternative an offer of re-employment here on similar conditions to those of his former post?

In the event of the Government being unable to agree to this will His Excellency consent to refer the question as now raised to the Secretary of State?

Hon. Mr. M. Stewart will ask:—To whom, for what public purpose, and for how long has the plot of Government ground between the New Law Courts and the Praya been let?

Report of Finance Committee on the Bill entitled An Ordinance to apply a sum not exceeding Five millions six hundred and twenty-five thousand six hundred and eighty-three Dollars to the Public Service of the year 1910.

Committee on the Bill entitled An Ordinance to set apart certain Crown Land to be used as a burial ground for persons professing the Christian Religion, other than members of the Roman Catholic Church.

Third reading of the Bill entitled An Ordinance to authorize the Construction and Maintenance of a Harbour of Refuge upon and over certain portions of the Sea Bed and Foreshore situated upon the Harbour frontage at Tai-kot-sui, Mongkoktsui, and Yaumati, Kowloon, in this Colony.

Second reading of the Bill entitled An Ordinance to amend the Law relating to Trade Marks.

Second reading of the Bill entitled An Ordinance to provide for the periodical inspection of Steam Boilers and Prime Movers.

Second reading of the Bill entitled An Ordinance to amend the Widows' and Orphans' Pension Ordinance, 1908.

Second reading of the Bill entitled An Ordinance to amend the Protection of Women and Girls Ordinance, 1897, as amended by the Protection of Women and Girls Amendment Ordinance, 1905.

Second reading of the Bill entitled An Ordinance to provide for the Reservation of certain lands in Victoria, in the Peak District, and in Kowloon as Recreation Grounds, and to provide for Regulations as to the use thereof.

Second reading of the Bill entitled An Ordinance to amend the Public Places Regulation Ordinance, 1870.

Second reading of the Bill entitled An Ordinance to amend the Chinese Extradition Ordinance, 1884.

Second reading of the Bill entitled An Ordinance to amend the Tramway Ordinance, 1907.

Second reading of the Bill entitled An Ordinance to amend the Liquor Licences Ordinance, 1908, and to repeal the Liquor Licences Amendment Ordinance, 1904.

C. CLEMENTS, Clerk of Councils.

Will not be proceeded with at this meeting.  
Z.B.—A meeting of the Finance Committee will be held immediately after the Council.

## VETARZO BRAIN AND NERVE FOOD.

This remarkable compound, the result of the latest developments and achievements of modern chemistry, pharmacology, and therapeutics, is without equal in all cases of defective nerve power, whether induced by worry, over-work, unhealthy climate, dissipation, excess, youthful imprudences, or other influences incidental to the wear and tear and haste of modern life. It cures nervousness, trembling, palpitation, nervous dyspepsia, low spirits, mental and bodily prostration, muscular and local weakness, general and nervous debility, faulty nutrition, premature decay or deficiency of the vital forces, impaired vitality, harassing dreams, night disturbances, sudden startings, dizziness of sight, defective hearing, loss of memory, inability to perform the various duties of life, or to enjoy its pleasures, restlessness that can settle to nothing, irritability of temper, female complaints, hysterical, painful periods, headache, bearing down sensations, wasting disease, night sweats, and all other phases of brain and nerve exhaustion are successfully combated by this highly scientific preparation. Bracing up the system generally, it gives tone to the exhausted nerves, restores all weakening, wasting discharges, involuntary losses, &c.; restores the falling energies, and imparts new life and vigour to what had so recently seemed worn out, "used up," and valueless.

## VETARZO BLOOD MEDICINE.

Never before was there anything like it, nor can its marvellous properties ever be equalled in all cases of poor blood, impurity, or other imperfection of the blood from whatever cause arising. No sooner is it absorbed into the system than it permeates and penetrates to the minutest capillaries, purifying and expelling the virus of disease, and in whatever form met with, removing all blotches, pimples, scurf, scurvy, scrofulous and glandular swellings, discolorations, roughness and unsightly patches, &c. Its effects are almost magical in the treatment of gout, rheumatism, sciatica, lumbago, pains and swellings of the joints, discharges, secondary symptoms, eczema, lepra, scrofula, bed sores, bad breath, abscesses, ulcers, sores, gonorrhea, Pityriasis, &c. It improves the general health, and quickly removes long-standing bronchitis, asthma, and hacking, shuffling, spasmodic cough, too often the precursor of consumption.
